A TWICE-A-WEEK NEWSPAPER
MONDAY AND THURSDAY

Vol. 21, No. 16 | The County Seat Paper | NEVADA CITY-GRASS VALLEY, CALIFORNIA | The Twin Cities Paper | THURSDAY, FEBRUARY 20, 1947

THINKING OUT LOUD

By H. M. L.

We were just talking to an elderly chap, 82 years old in fact, who has seen almost everything there is in California, and save the natural wonders, had seen them grow amazingly. This old gentleman's mother followed the Donner party into California in 1847, a year later than that historic catastrophe, with her parents, and one of her brothers married a Donner daughter, some young lody, named Alice Donner.

At only a couple of decades short of his centennary, this elderly native son has much to reflect upon, in the way the power and majesty of the Golden State has emerged from the Gold Rush to big rush of the 1942-46 days, a rush, in fact, that is not yet over. There were, when he was an alert youngster, some 70 years ago, only 250,000 people in the whole state. Now that there are 9 and going on, 10 million people, as he sees it, is something not to be sold short at anytime..

It is a cheering phenomenon that the huge population is, as he states, slopping right up on the western slopes of the Sierras. That is, it is cheering to those that are in business or about to go into business. In fact the Sierras and the Pacific act as a kind of side board, if you remember that ald pre-auto term, for the board that built up farm and lumber wagons beds so that they would hold more. The state has two side boards to contain its increasing population.

Down around the bay, there used to be miscellaneous population especially on Richardson's Bay, living in house boats mooren to the banks. Of late we have note a sharp increase in floating homes. Over on the *Alameda* side and down toward Milpitas, its the same story. These are people undoubtedly, wno are just waiting a chance to set foot on dry land, though judging from potted flowers in the white curtained windows of the gently rocking cabins, happiness is a dweller therein.

But a great deal of the population, however, is beginning to crowd up the slopes of the Sierras, the other side board. This octogenarian we stopped to pass the time of day with lately, remarks that California is a big state and can accommodate twice the number of people it now has, provided each newcomer does a service for his fellow citizens when he arrives.

Time was, said the old gentleman, when a lot of business was done with six horse stages and twenty mule teams, or even before that, with a long row of spanned oxen. In fact it was only 40 years ago that oxen in Marin County were hauling logs out of the mountains to a mill on the Russian River. Nowadays its done with motors in all sorts of vehicles but not nearly so cheaply, even even though fewer men can get more logs to the saw than in the old days.

The old gentleman has lived through the wonders of the motor age to wonders of the air age, when a tremendous number of people are flying places instead of motoring places. We did not ask, but wish we had, whether the old generation had taken his chances in a plane, but we doubt if he has. When one is eighty years of age, and hopes to be a hundred, he just naturally does not take chance, and there are still millions of people in the upper time brackets who "won't trust their carcasses to those flying contraptions," especially with all the bad news from everywhere about airplanes that try to bust their way through mountain tops.

My octogenarian friend was something of an adventurer when he was young and twenty, riding herd on the vast ranches of Nevada, doing his bit in the mines and generally rustling a living in a world where there was plenty of room to roam, without feeling the sharp elbows of the crowd. He contrasts now with then and feels a thrill of amazement, though the change has been so gradual. But just supposing one of those "six-hoss" teams attached to a bright red stage coach, came jrancing down Broad Street one day and let off a lot of passengers wearing dusters in front of the National Hotel, while across the street, one of those beautiful new Lincoln cars was "hitched" to a parking meter, and there you have the contrast. Or, add to the picture, with a big two motored plane from San Francisco making for the Nevada City Airport and the contrast is sharply accentuated.

Red Cross Drive Gets Underway

The framework for a fast and effective Red Cross drive for funds was discussed at a meeting recently with Martha Stowers of San Francisco. Drive Chairman Bob Paine outlined to Miss Stowers the fundamental structure planned.

Advance letters have gone out to fraternial and civic groups and to business houses. These letters, numbering 170, were sent ahead that firms may plan the amount of contributions to be made and that lodges and civic groups may have the opportunity to discuss the matter when they meet.

The Rotarians will solicit business firms where less than five are employed. The task of approaching the larger industries will be handled by another civic group whose identity will be made public in the near future. It is expected that the court house, schools, larger firms will appoint someone within their ranks to make collections.

Full arrangements for the house to house canvass of residential sections will be announced later.. Also details are still in the planning stage for the rural sections.

Complete coverage was stressed as a very important factor in the raising of the $3686 quota for this area.

Members of the local Lions Club will approach industries on the outskirts of Nevada City. This list will take in sawmills, etc.

Ladies of the Soroptimist Club will have a table at the Bank of America for the convenience of people who would otherwise not have an opportunity to make their contributions.

Very substantial help has also been promised by the Soroptimist Club in handling the funds as they come in. There will be someone at the Red Cross headquarters constantly for the week of the drive to take care of book-keeping details.

Motion picture films and special speakers have been promised for the 26th and 27th of February. Program chairmen for civic groups meeting on these days are taking advantage of the opportunity offered to show the Red Cross in action and tell of its service..

JOHN MANN NEW PRESIDENT EMPIRE-STAR

GRASS VALLEY: Changes in the Newmont Mines Company and Empire-Star Mines Company Ltd. top personnel were announced in New York recently. Fred M. Searls Jr. who has served as vice president of the Newmont and president of the Empire Star is now president of the Newmont and chairman of the board of the Empire Star.

John R. C. Mann, general manager of the Empire-Star with chief operations in Nevada City and Grass Valley, has been elected president. He will make his home here dividing his time between here and New York, and properties in Canada and Nevada.

Hopkins Fitzpatrick, who has been with the Empire-Star staff for 11 years as engineer, geologist and mining superintendent, has been appointed general manager succeeding Mann.

PROWLER

GRASS VALLEY: Two homes were reported to the police yesterday as having been entered early Sunday night. They were the home of Mrs. Arletta Douglas on Colfax Avenue and of Mr. and Mrs. Petro Cassettari on East Main Street.

Chief of Police Ben Jenkins stated that nothing of value was taken from either home. Both residents were out and the homes were entered in their absence..

HALLOCK GETS SUPPORT FOR COIN MINTING

GRASS VALLEY: George Hallock president of the California Hydraulic Mining Association, has reported that he had received the backing of the Bank of America for the project, first broached by the association, of minting special gold coins or the Cenennial celebration. Hallock is a member of the State Mining Board.

He states that the Bank of America executive Carl E. Wente, senior vice president, not only gave assurance that it would finance the minting of $1,500,000 worth of the coins but even offered to finance 2,000,000.

E. A. Williams of Colfax, Placer County, who made the original suggestion to California Hydraulic Mining Association at its January meeting there, set the plan in motion.

The plan calls for minting of coins of $30 value with commemorative inscription on one side. Hallock is now facing the big hurdle, that is, to get congress to authorize the minting..

LEROY KITTS STARS IN SKIT AUTHORED BY MRS. HAL DEETER

NEVADA CITY: High point of the Lions club meeting at the Deer Creek Inn last night was a hilarious skit authored by Mrs. Harold Deeter, in which LeRoy Kitts, Town Talk merchant, played the part of Miss Tillie Slosh, radio announcer. Kitts, becomingly attired in a black picture hat with flowers and a graceful black cocktail gown with white trim, kept the club in stitches as painted and powdered mistress of ceremonies.

The question and answer program included such puzzlers as: a halfcaste is a spttoon, doubloon or quadroon, a pumelo is part of a saddle, something to box with, or a grapefruit, a chinook is a Chinese cook, a zephyr, or a hook to tne chin, and a kadophere is a best pal, a mule, or a fellow eater of thistles.

Kitts, speaking into a microphone made from a kitchen strainer and a plumber's helper, interviewed various members of the group. International Counsellor L. K. (Bob) Jefford won the prize of the evening, a custard pie, while John Brown got consolation prize,, a bouquet of carrots and radishes.

Various civic problems were discussed following the skit. Youth recreation was reviewed and a committee of volunteers named to formulate a policy. On the committee are: William Earl Mullis, Art B. Innis, Edwin Stepnens, John Brown and Dr. C. N. Kerrin, chairman. Lambert Thomas reviewed the history of a former youth recreation project. Activities of the Town Talk 4-H club were outlined.

Art Innis spoke on the condition of the city's water supply, and stated that it seemed very peculiar that the city did have and had had for a long time, a chlorination plant for one of the reservoirs, but that this plant was not in operation. If ever any infection should be trace to city water, he stated, the community was going to be extraordinarily vulnerable when it was pointed out that it actually had a plant capable of purifying part of its water supply but did not even bother to use it.

HANSEN ADVOCATES COMMITTEE OF CO-ORDINATION FOR TWIN CITY CHAMBER OF COMMERCE

NEVADA CITY: In an interview yesterday, President George Hansen of the Chamber of Commerce advocated creation by the Nevada City and Grass Valley Chambers of Commerce of a joint co-ordinating committee. This new committee would be designed to work intensively on all projects that concern both communities.

By avoiding duplication of effort and concentrating the energies of both organizations on the solution of common problems,, Hansen said, the new committee could aid in making powerful inter-city co-operation a reality rather than an ideal..

Personnel of the committee, Hansen said, would be elected or appointed by the individual chambers, hold independent meetings, and act as liasion by the two chambes by regularly attending meetings of both chambers, reporting progress on joint projects, being guided of course, by their respective organizations.

VFW TO ORGANIZE BIG BOY SCOUT TROOP

NEVADA CITY: Banner Mountain Post, Veterans of Foreign Wars, it was announced yesterday, will sponsor a senior Boy Scout group.

Commander Fred C. Garrison appointed a committee to organize and take charge of the troop which will comprise boys between the ages of 17 and 21.

The committee consists of Harleth Brock, chairman, Gordon H. Tryon, William W. Esterly, Beryl P. Robinson, Robert Dasmann and William E. Mulis, Leader of the troop will be Howard Tryon.

GETS $100 TIP FOR SERVING TWO

GRASS VALLEY: Well, the $100 tip is here. A waitess in a Grass Valley restaurant received a $100 bill, after serving two men from San Francisco, who, Chief of Police Ben Jenkins said, "were up here for a good time."

The tip was so big, that the police investigated to see whether anonymous gentlemen were spending their own money. After the investigation, which resulted in no arrests, the police agreed to keep both the names of tipster and the waitress on the secret file but did say that such a tip was passed to a lucky Grass Valley girl, who didn't even answer a $64 question. And the $100 piece was peeled off a roll that would choke, not a horse, but a hippopotamus.

FIREMEN'S BALL SATURDAY

GRASS VALLEY—The annual firemen's ball will take place Saturday night in the Veterans Memorial Building.

Henry Strick, fire chief and co-ordinator of committees in charge of this, the 72nd annual ball of the Fire Department, stated that he anticipates several thousand guests in attendance.

A program will be given in the hour preceding the dance, which starts at 9 p. m. In charge of the entertainment is the Ladies Auxiliary of the fire department. A twelve piece orchestra from Sacramento will provide the music.

Plans For Mammoth Fourth Celebration Are Now Underway

CHAMBER DISCUSSES WIDE RANGE OF TOPICS; HIRSCH EMPHASIZES CO-OPERATION WITH NEVADA CITY

GRASS VALLEY: Topics ranging from airport development to indiscriminate use of firearms occupied the attention of the Board of Directors of the Grass Valley Chamber of Commerce yesterday noon at their regular meeting at the Bret Harte Inn.

It was decided that the next meeting of the chamber would be in conjunction with the Nevada County Safety Council, Wednesday, March 5, at 12:15 at the Holbrooke Hotel.

The chamber's recent statement of policy on labor relations has been sent, stated O. P. Steele, to various Congressmen, Senators and public officials. Several of these had already replied, stating that the chamber's policy would receive serious consideration.

Dr. Daniel L. Hirsch, chamber peesident, clarified the chamber's position by stating that any who thought the chamber was opposed to labor unions was under a misapprehesion. The chamber, he said, was not opposed to labor unions but was opposed to unfair labor practices of certain unions.

Traffic safety was discussed, with particular reference to police protection at the corner of Auburn and Neal streets, where an aaccident recently occurred. Gilbert Tennis, superintendent of Grass Valley schools, stated that while the school had maintained a patrol at that corner, it had thereby assumed a liability it was not legally authorized to undertake..

President Hirsch suggested that communication be made to the city council on the possibility of securing police protection at 11:15 every morning, when kindergarten children cross at that intersection.

William H. Stinson, reported on the Fourth of July committee's plans. These included, he stated, the possibility of securing a full fledged rodeo, continuous entertainment for the three days of the Fourth week end and raffling off a genuine gold mine! David Maltman, mining committee chairman, said that it was possible he could locate a mine for raffling. The possibility of holding an E. Clampus Vitus (old time mining fraternity) initiation is also under consideration.

To further joint Fourth of July plans, it was decided to send a Grass Valley delegation of at least ten members to attend the Nevada City Chamber of Commerce's next meeting. This will be the luncheon meeting scheduled for Tuesday, March 11. President Hirsch suggested the possibility of making it a joint meeting with full attendance by the Grass Valley chamber at Nevada City's meeting..

The United Services Council, which functions as the youth recreation committee of the chamber, will meet Tuesday night at the parish hall of the Emmanuel Episcopal Church, at 7:30 p. m.

Indiscriminate use of firearms is a growing menace, according to reports of chamber members. Larry Farrell, P. G. and E. manager, stated that youths had ruined many costly insulators, and it was stated that telephone service was interrupted frequently due to vandalism.

Dr. Hirsch stated that Grass Valley chamber of commerce was vitally interested in developing its own airfield. It's attitude towards the Nevaa City airport was, he stated, one of cooperation. But this, he implied, did not mean that Grass Valley was going to drop all plans for its own airport in the hopes of vicarious benefits from an air field 5 miles away. Grass Valley's airport is growing and healthy, he stated.

A brochurt of the Northrup aviation company, Kronemeyer stated showed a lighter cargo and passenger plane with surprising capacity and capability of landing on a 750 foot strip. It was brought out that development of this type of plane augured well for the future of the small air field.

The Grass Valley air field has its 40th birthday next month, and a suitable celebration is being planned to commemorate the day. Kronemeyer stated that he was working on the possibility of get-

YELLOWJACKETS LOSE BATTLE TO HILLMEN'S FIVE

By DON BURNS

AUBURN: The Placer Hillmen, Tuesday, defeated the Nevada City Yellowjackets 29 to 23 on the Placer court. The Placer five worked a high margin over the Nevada City squad in the first half, with a score of 17 to 8.

Center Jack Coley was handicapped with a badly bruised knee, which reduced his playing skill fifty per cent.

The Grass Valley Miners now lead the league with 7 wins and 1 lose, while Nevada City in second place, has 7 wins and 2 losses..

Although Coley was hampered by his bruised knee, he scored 12 points for the Jackets. Guard Alvari and center, Flaharty, each scored 10 points each for the Hillmen.

After scoring 8 points over the Placer five in the first quarter, the Nevada City B team lost the first contest 40 to 35.

LOCAL MEN ATTEND SECTY.-MGR. MEETING

GRASS VALLEY: Four men represented Grass Valley and Nevada City at the meeting Tuesday noon, in the Hotel Senator, Sacramento, of the Secretary-Managers Association of California. They were President George Hansen and Secretary H. F. Sofge of the Nevada City Chamber of Commerce and Executive Manager Ray J. Kronemyer and Director William Stinson of the Grass Valley Chamber of Commerce. Kronemyer is president of the secretary-managers group.

Speaker at the meeting was William Odlum, secretary of the Sacramento Better Business Bureau and Secretary-Manager of the Sacramento Retail Managers Association. Odlum discussed retail merchandising problems, better business bureaus and their relation to chambers of commerce. He suggested that every chamber of commerce should have within it a retail merchants association.

HONORING WASHINGTON

Stores in Nevada City, Grass Valley and Sacramento, as well as most other California communities will close Saturday in honor of Washington's birthday. The decision was made locally by the chambers of commerce in conjunction with the city councils.

Custom is that stores ordinarily close in February either on Lincoln's birthday or Washington's, whichever event falls on the most convenient day f the week.

Housewives will do the week end shopping on Friday insted of Saturday.

WASHINGTON'S BIRTHDAY

The experiment in freedom which came to flower in this continent under George Washington is little more than a century and a half old..

Today the United States stands as the only world power whose underlying governmental philosophy has not succumbed to the isms that have assailed all other major nations in the last few decades, and altered the basic fabric of their government.

Democracy is an elastic and dynamic thing; if this were not so, it could not have adapted itself to provide progressive and constructive change that the law of life demands. That it has been responsive to the will of the people is a testimoinl to its fundamental worth—and a tribute, too, to the wisdom of Washington and the men about him who launched the early states on their united career.

As long as this nation endures, Washington's name will endure with it. The anniversary of his birth on February 22, 1732, is not only a national holiday, but a day on which the peoples of many lands find occasion to dwell upon his immortal struggle in behalf of freedom. That many such people can only reflect privately on Washington's ideals, without having the power to put them into effect, is a source of regret to all freedom loving Americans. Hitler once said national socialism was not for export—and did not mean it. America regards Democracy as exportable; people everywhere are welcome to help themselves to a full measure of it.—Contributed.

FROM GOLD DUST TO NICKEL SHORTAGE

BY H. P. DAVIS

In an editorial in the Chronicle of February 14, under the caption "Triumph of the Dime", attention is called to the increasing difficulty of buyers "in finding a nickel among their small change for a telephone call." This. the editorial states, would be a chicken feed problem in California 100 years ago —when the quarter was the smallest coin bothered with.

As, in 1847, a hundred years ago, there were in California fewer than 5000 "Americans" the matter of "chicken feed" could hardly have been of much moment.

As late as 1860, eighty seven years ago, however, when, of course no nickels were in circulation, even half dimes were rarely seen, and when used two of these little silver pieces were generally put together to make ten cents. The dime was the smallest coin in common usage. No half dimes had been minted in California and no copper coins were in circulation.

The medium of exchange in large transactions was double eagles. The Constitution of California prohibited "the creation of paper to circulate as money" and paper money was rarely seen.

Here, in Nevada City, as in all mining areas, there was a great scarcity of coins of any kind and gold dust or nuggets were commonly used in most transactions even in payment for a drink. In 1851, for example, a pair of long boots was priced by a local merchant at "one ounce" which was, at the then rate of exchange about sixteen dollars.

Fire Sale!

Sundry equipment hauled from Deer Creek Lumber Co., purchased at a lot price and now offered at low prices.. A large percentage of this equipment was not even near the fire.. Mall chainsaw, 2-in. Barnes air-cooled pump unit, 1½-in. DANCE PLANS TO BE YOUTH COUNCIL TOPIC AT MEETING FRIDAY

NEVADA CITY: The Youth Recreation Council will meet Friday night at 7:30 P. M. in the Chamber of Commerce room in the City Hall. Mrs. Horace Ward Sheldon will outline plans for the youth recreation benefit dance scheduled to be held at the Elks hall on March 1st.

All local organizations are urged to send a representative to attend this important meeting. All interested persons are welcome to attend.

LICENSE PLATES ARE ON THE WAY

Vehicle owners of Nevada City and Grass Valley who have not yet received their 1947 license plates and registration cards are asked not to worry and to refrain from writing letters to the Department of Motor Vehicles, in a message received here today from Director Edgar E. Lampton.

Although the plates are being mailed out as fast as they are made up by the manufacturer, Lampton said, it will not be possible to produce all of the 147 plate contract before early April because of the steel shortage. Consequently, it will be close to May 1 before all plates have been mailed out to applicants.

At this time approximately 1,250,000 pairs of plates have been received from the manufacturer out of a contract that is close to 3,000,000 pairs.

Meanwhile, the 1947 registration cards are being processed in the chronological order received and are being mailed to local vehicle owners independently of plates so that vehicles may be trtnsferred if desired.

Valentine Party For Students Of St. Mary's

GRASS VALLEY: Mrs. Larry Taylor was hostess last Saturday night to the students of Mt. St. Mary's Academy. It was a valentine party given in Serra Hall. The hall was decorated appropriately in red and white.

Party chairman was Susanne Wattun; decorations chairman, Joyce Hastings; refreshments, Mary Ann Schultz; invitations, Mary Jane Kaufman. Thirty two students were guests.

DOGS AND CATS MAY SPREAD BRUCELLOSIS TO MAN

Brucellosis, commonly called Bang's isease in cattle and undulant fever in man, can infect dogs and cats without their ever showing outward signs of the disease, according to the Journal of the American Veterinary Medical Association.

This fact should be given serions thought by all pet owners the Journal says, because it appears that dogs and cats may be capable of spreading this disease to their owners as well as to other animals. Common site of brucellosis infection in pets is the genital organs and often it can be detected only through an autopsy.

MONEY!

EXPLORERS SCOUT TROOP ORGANIZED BY LIONS CLUB

GRASS VALLEY: An Explorers Troop of Senior Scouts will be organized next Tuesday evening under sponsorship of the Grass Valley Lions Club.

The committee in charge of organization consists of Lion Club members, W. D. Waldron, chairman, Victor Montre and Harold McFee. A large number of the Explorers troop will be drawn from Boy Scout Troop No. 4, which also is sponsored by the Lions.

NATIONAL GUARD MEET

GRASS VALLEY: Company E, Grass Valley-Nevada City National Guard will meet this evening in the Veterans Memorial Building at 7 o'clock.

High school students have been invited to attend in order that they may become acquainted with opportunities offered in National Guard service. The company officers are still screening the membership in an effort to obtain a capable first sergeant and a company clerk.

WARNING TO CYCLISTS

Stunting, speeding, riding without a light after dark and weaving in and out of traffic when riding a bike is a short cut to tragedy. It may be smart to perform like this, but it isn't smart to have an accident..

COOKED A FINE DINNER; THEN THREW IT TO DOG

One lady recently stated that she used to throw her own dinner to the dog most of the time. It made her sick just to look at anything to eat. She was swollen with gas, full of bloat, had headaches, felt worn out and was badly constipated. Finally she got KAL-O-DEX and says she now eats everything in sight and digests it perfectly. She is enjoying life once more and feels like "some other woman" since taking this New Compound.

KAL-O-DEX contains 5 Great Herbs; they cleanse bowels, clear gas from stomach, acts on sluggish intestines and as a diuretic on kidneys. Miserable people soon feel different all over. So don't go on suffering! Get KAL-O-DEX. Sold by all drug stores here in Nevada City.

Mrs. Joseph D. Regan Married To Albert Krasevac In San Francisco

NEVADA CITY: Friends in this city have received announcements of the marriage of Mrs. Joseph D. Regan of San Francisco to Albert Krasevac, formerly of Grass Valley, in the Star of the Sea Church in San Francisco. Monsignor Patrick Ryan celebrated the nuptial mass.

Mrs. Krasevac is the daughter of the late Mr. and Mrs. S. W. Schmidt of this city and owns a beautiful old resident on Broad Street. She graduated from the Nevada City high school and Mills College.

Krasevac is the son of Mr. and Mrs. Lawrence Krasevac of Grass Valley. He graduated from the Grass Valley high school and the University of California. During the war he was an officer in the U. S. Army Air Corps and won the Distinguished Flying Cross and the Air Medal with 11 Oak Leaf clusters. He is a brother of Mrs. Elmer Fischer of this city, of Mrs. Allen Newell, Roseville, Miss Virginia Krasevac, San Francisco and George Krasevac, Kimberly, South Africa.

The avocado is the fruit of an evergreen tree of the laurel family.

Nevada means snowy-white.

NEWS FROM THE RIDGE

By ALICE HILL

Sunday visitors of the T. C. Rhoades were her parents Mr. and Mrs. L. H. Freese and her brother Harry Freese and a sister Mrs. Laverne Pritle and son, all of Marysville. Also another sister of Mrs. Rhoades, Mrs. Lester Nelson and her husband from Hamilton Field. Mr. Nelson is with the army an is on his way to China now.

Congratulations to Mr. and Mrs. Cliff Young on the arrival of a baby girl.

Mrs. Bernice Hughes who has been living with her parents Mr. and Mrs. Wiley Harris of this village has joined her husband Douglas B. Hughes recently returned from Germany. They will live in Ashland, Oregon.

Recent visitors of Mrs. Ada Porter were her niece and husband, Mr. and Mrs. Tracy Warren of Centralia, Washington.

Mr. and Mrs. Ernest Toms and family have returned to North San Juan after spending several weeks in Southern California on business and pleasure..

Mr. and Mrs. Lon Hill and Mr. Tom Ried from Sun Valley, Idaho were recent visitors for several days of Mr. and Mrs. Arthur Wright and Mr. and Mrs. Leo Hammer.

Mr. and Mrs. M. A. Bryan and family spent several days last week in San Francisco on business and pleasure.

Sunday dinner guests of Mr. and Mrs. Albert Proom of Sweetland were Mr. and Mrs. Frances Proom and family of Grass Valley.

Robert Sauer has returned to his ship, the Skagit, at Stockton after spending a week with his parents Mr. and Mrs.. Matt Sauer.

Mr. and Mrs. Jack Kessler and family are now living in the Dewey Kessler house in this village. Having recently returned from Silverton, Colorado where Pack was employed..

Sunday visitors of Mrs. Charles Harman were Mr. and Mrs. David Waller and family of Gridley. Mr. Hamman who is an employee of the PG & E is stationed at Placerville.

Recent callers at the Rhoades home were Mrs. L. Ramsden of San Francisco, Mrs. Uhrig and Miss Lillian Taupre of Nevada City.

Eugene Reader has been home on leave from Fort Knox. Howard Reader of Redwood City spent the week end with his parents Mr. and Mrs. Frank Reader.

Mr. and Mrs. Fred Butz of Celestial Valley celebrated their 25th wedding anniversary Feb. 8. As a surprise Mrs. Butz parents Mr. and Mrs. Harold Nelson of Santa Cruz, arrived Saturday and stayed for 5 days. Saturday evening the family gathering at the Butz home inluded Fred, Jr., Miss Lois Butz, Mr. and Mrs. Don Gates and young daughter Maryland of Grass Valley, Merle Butz and Mrs. Annie Cross. Friends present included Mr. and Mrs. Louis Rose, Mr. and Mrs. W. C. Williams, Mr. and Mrs. M. I. Lacey, To continue the celebration, a family dinner was enjoyed Sunday at their eldest daughters, Mrs. Thelma Gates of Grass Valley.

Mrs. Jack Phelan and son Johnny have joined her husband in Placerville where he is employed by the PG & E. We are sorry to hae the Phelan family move to other parts.

Mr. and Mrs. Wright drove to Sacramento Saturday to see the skating vanities of 1947.

Mr. and Mrs. Don Sourbeck of San Francisco are visiting the N. A. Bryans.

February 12, the Ladies Club met at Woods Hall and in spite of the pouring rain 15 were present. After the potluck lunch the afternoon was passed pleasantly with the playing of games and exchanging of valentines.

On Feb. 13th, Mr. and Mrs. Fred Shove celebrated their 55th wedding anniversary. Natives of Pennsylvania, they were married in New York state. After several years they moved to Canada where they took up a homestead north of Lake Superior. After some 20 years of pioneering in that cold country they moved to Southern California where Mr. Shove was in business for 26 years. Within the past year they came to North San Juan to reside near their son Sherman who is an associate with Mr. Baker in the operating of the saw mill on the Oak Tree ranch. The Shoves have six children living, 20 grandchildren and 10 great grandchildren. In the evening the honored pair were surprised by fifteen of their neighbors who descended upon them in a group. All were most interested in the eventful experiences of their many years together recounted by the Shoves. Refreshments were served later in the evening.

Olover Martin is conducting a class in photography at the nome of his mother, Ruby Bridges on Cherokee St. Those present at the first class were Lois, Fred and Merle Butz, Roy Wilson, Nick Mullins, Bud Rhoades, Raymond Worley and Alice Hill.

A VETERAN PROBLEM
Americans pull together

Alarmists who predict crime waves, and a return to post-1918 gangsterism involving World War II veterans, seem to have forgotten this simple fact about human nature:

Happy men . . . men with good jobs, decent housing, and opportunities in a free country . . . don't go wrong. That's what the V. F. W. is striving for —to bring all Americans together in comradeship, understanding, and mutual effort for a better America in a better united world.

IF HE SERVED OVERSEAS, HE BELONGS IN THE ONE VETERANS' ORGANIZATION WHERE EVERY MEMBER HAS A RECORD OF FOREIGN SERVICE

Keep that Wolf from the Door

Many methods have been devised and followed with the purpose of keeping the wolf from the door. Personally we are inclined to believe that the buying of insurance is the best and cheapest of them all. Of course, since that is our profession we may be prejudiced to some extent, but there is a lot of common sense in the statement—Insure and be sure. We even go further and suggest that you be sure to insure with this agency.

Our advice costs you nothing and places you under no obligation.

CAMPTONVILLE NEWS

By MRS. J. D. RITTENHOUSE

Mr. and Mrs. Newell Stone and children, Ronnie and Myra, of Napa, visited the Nelson Stone family Saturday and Sunday enroute home from Truckee where they visited Mr. Stone's sister.

Mr. and Mrs. Art Hines spent the weekend in Nevada City visiting Mr. Hine's sister and her family. They returned to Camptonville Sunday night.

Mrs. Blanche Moore and her granddaughter Cleora Hansen left last week to spend a month in Wenatchee, Washington. Mrs. Moore's brother in law died recently in Wenatchee. On their return they hope to bring Mrs.. Moore's mother back to Camptonville to make her home.

Camptonville residents who drove to the Twin Cities last weekend were Mr. Verne Lyons, Mr. and Mrs. Nelson Stone and Mr. and Mrs. J. D. Rittenhouse..

Mr. and Mrs. Clifford Williams, Mrs. Clarence Hanson and Mrs. Edith Kendall drove to Nevada City to attend Eastern Star meeting Tuesday. Mr. and Mrs. Donald Vindhurst spent the weekend in Paradise visiting Mr. Vindhurst's parents. They returned to Camptonville Monday night.

Addition of aluminum powder to priming coats of paint used on U. S. Navy ships has been found to reduce substantially the hazard of fire..

GRASS VALLEY HIGH SCHOOL

BY DON BURNS

The Grass Valley Miners basketball squads will meet the Marysville Indians on the Grass Valley court Friday night at 7 p. m..

The Miners A squad is at present tied with Nevada City for first place in the Sierra Foothill League competition, and the Indians have not won a single game this year as yet.

Starters for the Miners will be Ali and Daley at forwards, LaCrosse and Lippi at the guard spots, and Tom Hooper at center..

The Miners will start off the Placer Invitational Basketball Tournament, Saturday, at Auburn, when they will meet Lincoln at 9 a. m. Placer Union will meet the Folsom five at 10 a. m. and Roseville will clash with El Dorado high school at 11 a. m. Nevada City will meet San Juan Union high school at noon.

The finals are scheduled to be played off at night. Cups and trophies will be awarded the championship team, the consolation winner and the most valuable player..

The basketball team voted Pat Smith, Hi senior, as the Grass Valley princess for the Placer invitational basketball tournament.

Each school's team chooses a princess, and the princess of the team which wins the tournament becomes the queen of the tournament.

The old bookroom across from the office has been reconverted into a chamber for the student council..

The scores of books and supplies that have been gathering dust for Heaven knows how many years, have all been transfered to the balcony over the library.

The council has hired a contractor to re-model the room and re-plaster the badly cracked walls. New florescent lights will be installed and a phonograph, equipped with all types of records, from classical to swing, will be placed in the room for the pleasure and relaxation of the council members..

The freshman class will have charge of the concessions for the Marysville game Friday night. Coke and hotdogs will be sold.

They will also have a dance after the game. Music will be by record.

Paris, France, was founded before the Christian Era as a fortified town of the Gallic tribe of the Parisi and was originally called Lutetia.

From where I sit ... by Joe Marsh

Where Cissy Spent Her Honeymoon

Most of the young newlyweds in our town spend their honeymoon at Roundstone Lake or Jackson Falls; why the Martins even went as far as New York City.

But when Cissy Cupper married the young Carter boy, they allowed as how they were going to spend their honeymoon right here.

"There's no place better than our town," Cissy says. "And I'd like to start married life at home, with things Bud and I are used to."

Makes sense, come to think of it. Folks naturally left them alone; and except for occasional visits to the Garden Tavern for a glass of beer, they stayed at home, getting used to married bliss.

My missus prefers traveling—and that's her right. But from where I sit, there's no place better for a honeymoon—or second honeymoon—than right at home—with your own possessions, good home cooking, and a friendly glass of beer or two—with the best companion in the world.

The Authority of Jesus

ILLUSTRATED SUNDAY SCHOOL LESSON

Scripture—John 2.

By Alfred J. Buescher

There was a marriage in Cana, and both Jesus and His mother were there, and His disciples also were invited.

Jesus' mother told Him there was no wine; Jesus had the water pots filled with water and changed it to wine.

The governor of the feast tasted the wine and congratulated the bridegroom on saving the best for the last.

In Jerusalem Jesus drove the money-changers from the temple.

NOTICE TO LUMBERMEN, LOGGERS, AND ANYONE CUTTING TIMBER AND LEAVING SLASHINGS, ETC., AND TO THOSE WHO HAVE A RESIDENCE OUTSIDE OF INCORPORATED CITIES

Notice is hereby given that the Board of Supervisors of the County of Nevada, State of California will on Tuesday. March 4th, 1947 at 2 o'clock P. M. consider two proposed ordinances. One governing the disposal of slashings where any timber is cut and one pertaining to safety measures in residences or buildings outside of incorporated areas. A public hearing will be held in the meeting room of the Board of Spervisors in the Court House, Nevada City, California in order that all persons interested may appear before said Board and express their views relative to said proposed ordinances.

The proposed ordinances are as follows in full.

PROPOSED NEVADA COUNTY SLASH AND MILLWASTE DISPOSAL ORDINANCE

SECTION 1: It shall be the duty of the owner of the land in Nevada County, or in any person in control of any such land, or of any agent, employee, contractor, subcontractor, lessee, licensee, or tenant of the owner of any such land, upon which the cutting of lumber products, including mining timbers, sawlogs, veneer blocks, piling, posts, shakes, shingle bolts, fire wood, or any other operations cutting timber products that result in the accumulation of inflammable debris in Nevada County outside the limits of any incorporated area, have been carried on, or shall hereinafter be carried on, to conduct such operations in the manner hereinafter provided.

SECTION 2: No such operations as set forth in Section 1 shall be conducted in any area, unless such area shall have been apportioned into one or more interior plots not exceeding twenty acres each and one or more marginal strips having a width of at least one hundred feet each and which marginal strip completely surrounds each such plot and completely separates same from any State Highway, County Highway, or Federal or State maintained roadway, that adjoins any such land.

SECTION 3: All such operations as set forth in Section 1 shall be conducted in the following manner. All dead trees standing more than fifteen feet in height and having a diameter of more than twelve inches measured at four and one-half feet above ground level shall be felled at time of cutting operations. All living or dead trees that had been felled during such operations, including all logs, tops and other portions of such trees, shall be lopped by detaching therefrom all brush and limbs of usable portions of tree. All accumulated inflammable debris shall be prepared or processed as follows:

(a) Within said interior plot: By being scattered on the ground so that no portion thereof shall be higher than five feet above the ground, and

(b) Within said marginal strip: By being gathered and piled. No pile exceeding five feet in height above the ground or sixty-four square feet in area, nor shall be less than twenty-five feet from any other pile or less than fifteen feet from any standing timber having a diameter of more than six inches measured at four and one-half feet above the ground level.

SECTION 4: As an alternative in lieu of the procedure set forth in Sections 2 and 3, all operations as set forth in Section 1 shall be conducted in the following manner:

(a) All dead trees standing more than fifteen feet in height and having a diameter of more than twelve inches measured at four and one-half feet above ground level shall be felled at time of cutting operations.

(b) All living or dead trees that have been felled during such operations, including all logs, tops and other portions of such trees, shall be lopped by detaching therefrom all brush and limbs at the time of limbing of usable portions of the tree.

(c) All accumulated inflammable debris shall be gathered and piled. No pile shall exceed five feet in htight above the ground or sixty-four square feet in area,, nor shall be less than twenty-five feet from any other pile or less than fifteen feet from any standing timber having a diameter of more than six inches measured four and one-half feet above a ground level.

SECTION 5: Within thirty (30) days after the felling or falling of any tree, all accumulated inflammable debris shall be scattered or gathered and piled as set forth in Section 3 (a) and 3 (b) or gathered and piled as set forth in Section 4 (c) above.

SECTION 6: All inflammable debris accumulated in the performance of Section 3 (b) or 4 (c) shall be disposed of by burning in accordance with the provisions of Section 4153 of the Public Resources Code of the State of California, or any amendment or amendments thereto, provided that in any event, all inflammable debris accumulated in accodance with the provisions o Section 3 (b) or 4 (c) shall be disposed of by burning on or before the 15th of April of each year.

SECTION 7: "Inflammable debris" as used in this ordinance is hereby defined to be any slash, brush, limbs or portions of limbs or trimmings, which are less than four inches in diameter and the bark resulting from the peeling of any timber.

SECTION 8: It shall be the duty of the owner of any land in Nevada County, or of any person in control of any such land, or of any agent, employee, contractor, subcontractor, lessee, licensee, or tenant of the owner of any such land, upon which the processing of timber products including rough lumber, planed lumber, shingles or any other processing operations that result in the accumulation of processing waste in any area in Nevada County outside of an incorporated area have been or shall hereinafte be carried on to conduct such operation in the manner hereinafter provided.

SECTION 9: Such operations as set forth in Section 8 shall be conducted in the following manner.

(a) All processing waste shall be currently burned as provided in Sections 4153 and 4163 of Calif. Public Resources Code.

(b) All gasoline, oil or other inflammable engine fuels or lubricants stored on the site of the processing operation will be placed at a point around which a fire break o at least thirty foot width shall be completely cleared and maintained cleared of all inflammable material.

(c) All auxiliary fuel supply tanks for stationary internal combustion engines used in the operation shall be placed at least 10 feet from the engine and supply the engine by means of a pipe connecte directly to the engine.

SECTION 10: "Processing waste" as used in this ordinance shall be defined as all waste material derived from the processing of logs or other wood material after removal from the point of growth of such wood material and includes sawdust, slabs, edgings, trimmings, shavings, bark, or any other waste.

SECTION 11: The violation of any section or provision of such ordinance shall be a separate offense from the violation of any other section or provision thereof. Each day that any violation shall be committed or shall continue shall be a separate offense. If any section of this ordinance, or any part of any section hereof, shall be determined invalid or unconstitutional, all other parts of this ordinance shall continue in full force and effect, it being the intent of this Board that each section and part of this ordinance shall be separately operative.

SECTION 12: Each violation of this ordinance shall constitute a misdemeanor punishable by imprisonment in the County Jail for a maximum of six months or by a maximum fine of Five Hundred Dollars or by both such fine and imprisonment.

SECTION 13: The State Forester and all his agents, duly authorized by the laws of the State of California, and all United States Forest Service Officers, are hereby declared to have the powers of peace officers of this County to make arrests without warrant for violation of anw provisions of this ordinance.

AN ORDINANCE REGULATING THE ABATEMENT OF FIRE HAZARDS AT PLACES OF HABITATION ON FEDERAL, STATE AND PRIVATE LANDS.

SECTION 1. Every person owning, controlling, renting or operating any cabin, tent, residence, store, hotel or other structure in any unincorporated territory in the County of Nevada, State of California, shall maintain a firebreak or clearing, free from all inflammable material for thirty (30) feet from any portion of such cabin, tent, residence, store, hotel or other structure, and shall keep the roofs of all such buildings free from leaves, needles or other debris, uring the period from April 15 to December 1 of each year.

SECTION 2: Every person owning or operating any wood, coal or oil burning stove, heater, oven or incinerator within any unincorporated territory of the County of Nevada, State of California, shall (1) equip the flue, stove pipe or chimney of such device with a screen or spark arrester to prevent the escape of sparks, and (2) install each such stove, heater, oven or incinerator flue and stove pipe in such a manner as to comply with the standards of the National Board of Fire Underwriters.

SECTION 3: The violation of any section or provision of this ordinance shall be a separate offense from the violation of any other section or provision thereof. If any section of this ordinance, or any part of any section hereof, shall be determined invalid or unconstitutional, all other parts of this ordinance shall continue in full force and effect, it being the intent of this Board that each section and part of this ordinance shall be separately operative..

SECTION 4: Each violation of this ordinance shall constitute a misdemeanor punishable by imprisonment in the County Jail for a maximum of six months or by a maximum fine of Five Hundred Dollars or by both such fine and imprisonment.

SECTION 5: The State Forester and all his agents, duly authorized by the laws of the State of California, and all United States Forest Service Officers are hereby declared to have the powers of peace officers of this county to make arrests without warrant for violation of any provisions of this ordinance..

DEATH CLAIMS AMOS M. SHARP

GRASS VALLEY: Funeral services will take place Friday at 2 p. m. in the Hooper and Weaver Mortuary for Amos M. Sharp who died at his home, 320 East Main Street Tuesday evening. Rev. W. A. McBride will conduct the service.. Interment will be in Elm Ridge Cemetery.

Sharp was a miner, born in Tennessee 67 years ago. He had lived in Grass Valley for 12 years.

Surviving are his wife Mrs. Ollie Sharp, and three daughters, Mrs. R. A. Thrasher and Mrs. Margaret Clay, both of Grass Valley and Mrs. Belle Coulton of Salinas, Monterey County. He leaves two granddaughters.

Mr. and Mrs. Norman Kopp Return From Honeymoon

NEVADA CITY: Mr. and Mrs. Norman Kopp have returned home from their honeymoon in Southern California.

The couple were married in Reno, last week by Rev. Brewster Adams with many family members and friends attending. The bride is the former Miss Shirley Smith of this city. She was given in marriage by her father, Charles Smith. She was attended by her sister, Mrs. Marilyn Hicock, matron of honor. Robert Carr Jr. of Nevada City was best man

The bride a graduate from the Nevada City schools, was employed in the telephone office here. Her father is member of the Tahoe National Forest staff. Her husband graduated from the Nevada City high school and is the son of Mr. and Mrs. Louis Kopp, for many years associate with a bakery here. He is now employed in Sacramento and the couple will make their home here.

G. V. CHAMBER

Continued from Page 1

ting one of the new type Northrup planes to visit the field on that day.

In speaking of recent printed inaccuracies and criticism, regarding the chamber and the airfield, Hirsch emphasized that it was possible to "accomplish more with honey and cream than with a kick in the pants".

Clayton Radcliffe was unanimously elected to fill a vacancy on the 26-man Board of Directors. Louis Hartman was appointed chairman of the retail committee.

Chairman of the Mining Committee David Maltman reported on the state of that industry in the area. Increases in mining continued, he said. The Idaho Maryland now has 400 men on the payroll and soon will issue its annual statement. Maltman receives many inquiries as to the availability of mining claims. Strong interests are at work, he stated, on the project of raising the price of gold, and it is hoped action will take place this year..

President Hirsch complimented Executive Manager Kronemyer on his splendid work during 1946 and indicated that tangible proof of the chamber's appreciation would develop in the private meeting of the board of directors.

Kronemyer reported one of his most successful publicity coups, A magazine called Fun in the Sun, which he displayed, carries a lead article describing the delights of Grass Valley. This journal has a very wide circulation in the Middle West and East. The particular issue featuring Grass Valley will receive unusual promotion and extra wide distribution.

BIRTH

BOALES—In Nevada City, Nevada County, February 17, 1447, to Mr. and Mrs. Finnis Boales of Grass Valley, a son.

ALLEN—In Nevada City, Nevada County, February 15, 1947, to Mr. and Mrs. Nells Anderson of Grass Valley, twin daughters.

CARTOSCELLI—In Nevada City, Nevada County, February 15, 1947, to Mr. and Mrs. Frank Cartoscelli, a son.

EARL—In Nevada City, Nevada County, February 13, 1947, to Mr. and Mrs. Carl Earl of Grass Valley, a daughter.

CARL VIVIAN OF FOREST PASSES

FOREST: Funeral services directed by Hooper and Weaver Mortuary took place in Grass Valley this morning for Carl B. Vivian, who was found dead in bed here Tuesday.

Coroner Philip Newberg determined that death was due to natural causes. He stated that Vivian had been dead for several days when found..

The services in the Hooper and Weaver Mortuary were conducted by Rev. Jesse Rudkin. Interment was in the Forest Cemetery.

Vivian was born in Forest 52 years ago and lived here practically all his life. He was a miner. He leaves two sisters, Mrs. Vera Davies of Grass Valley and Mrs. Zela Woos of Alleghany, Sierra County, and a brother Cecil Vivian of Forest.

CHRISTIAN SCIENCE CHURCH

Christian Science Society of Nevada City holds services every Sunday in their church. 114 Boulder St. at 11 o'clock. Sunday school at 9:45 a. m. A Wednesday evening testimonial meeting is held on the first Wednesday of each month at eight o'clock. Our reading room is now located in the church edifice at 114 Boulder St. and is open Mondays, Wednesdays and Fridays, holidays excepted from 2 to 4 p. m. The public is cordially invited to attend our services and visit the reading room.

O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments and his ways past finding out! (Romans 11:33). This is the golden text for the Christian Science lesson sermon for Sunday, February 23. The subject is Mind.

Included in the sermon are these citations:

Romans: Be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable and perfect, will of God. 12:2.

Science and Health with Key to the Scriptures by Mary Baker Eddy: All that really exists is the divine Mind and its idea, and in this Mind the entire being is found harmonious and eternal. The straight and narrow way is to see and acknowledge this fact, yield to this power and follow the leadings of truth. p. 151.

The closest the earth and moon can approach in their normal motion is 216,420 miles.

PERSONALS

Mr. and Mrs. Harry Davey of Prospect Street are granparents of a son born to Mr. and Mrs. Charles H. Davey in Washington D. C. on February 11th. The youngster is named Thomas Charles Davey and weighs seven pounds and nine ounces.

To Our Old Friends and Our New Friends

We have but one regret—that we cannot personally visit in the cosy cheerfulness of the homes of all you and extend our sincere thanks and appreciation for the whole-hearted, friendly and convincing welcome that you folks have extended us during the past year.

The month of February marks the first anniversary of the Grass Valley Furniture Company in this city. We found that the long established reputation of Grass Valley and western Nevada County as being an open-hearted folk, who lived for their homes and were truly appreciative of the finer things in home living is fully expressed. To make homes more attractive, more comfortable, more modern through offerings of Finer Furniture and Home Furnishings—all well within price moderation—has been our one untiring ambition. The greatest rewards for our efforts have been your friendliness, and appreciation. We thank you, one and all.

With new innovations in furniture and furnishings appearing at more frequent intervals it will continue to be the Grass Valley Furniture Company's policy to offer the newest and the best—FIRST!
